PRESIDENT'S MESSAGE

Hello everyone,

As you know we will most likely be having an election in April. I say most likely because, if there are less volunteers than open seats the election will not be necessary. But, I'm sure the election will take place. Right now there are four seats whose current terms are ending. Carla Cole, Leandra Carr and Jim Kepler are in the middle of their two year terms, so are not up for election at this time. As a reminder, you will not be voting for officers such as President or Vice President, but will instead be voting to fill the seats on the Board. After the election, the Board members will vote on who will hold the officer positions. Remember, it's your choice to determine how this community is managed. Please read each candidate's statements carefully and use your best judgment.

There is also some confusion about the number of seats open for election. The candidate statement mailer that has been sent to all owners indicates there are four open seats, which is correct. Prior to the Annual Meeting last year the previous Board was unable to determine who was serving in a one year seat and who was serving for two years. This meant all positions were voted upon. The previous Board then voted to have the three candidates with the highest vote totals serve for two years, with the next four highest serve one year. That means that the four individuals elected this year will then serve for two years. Bottom line is, please get out and vote for the candidates you believe will best be able to serve the needs of the Association.

At our last meeting the Board approved a proposal to complete the work on upgrading the keypads at both gates. That work should begin shortly. Please keep an eye out for people working in and around the gates and gatehouses. We are also working to purge gate remotes that are no longer in use. For example, because someone moved away and didn't turn in

Next Board of Directors Meeting Schedule

Board of Directors Meeting—CHANGE IN DATE
Wednesday, March 30 at 5:00 pm
Sierra Room at Dayton Valley Golf Club

HOA members only: Agendas, when available are on: dvcahomeowners.com > Upcoming HOA Board Events you must be logged in.

PRESIDENT'S MESSAGE—CONTINUED

"

his or her remotes. As a precaution, please make it a point to enter the the Bayhill gate using your remote so we can see it's in use. If for some reason you try to enter and your remote doesn't work, please reach out to Complete to have it checked. Hopefully this process will go smoothly, but if there are any hiccups please have patience. This might also be a good time to get a custom gate code, if you don't already have one. My opinion is it's a good idea to have one in case your remote doesn't work due to a dead or defective battery.

Legal fees ARE an issue in our current climate. Every time an owner accuses our management company or the Board, either individually or collectively, of violating NRS116, that communication must by its very nature go to the Association attorney for review. Sad to say, a few dozen accusations have been made in recent months. At least 80% of those complaints have never even been forwarded to the Nevada Real Estate Division (NRED) but still have required the Association attorney to review/respond. The other 20% of complaints (approximately) have all been dismissed without cause, with the exception of one that is still being litigated (and that one is an attempt to overturn your votes in the last election). While only six or seven homeowners have made these accusations, it falls on all homeowners to cover the costs of such complaints.

One other item I'd like to address is the submissions to this newsletter. Each Board member is entitled to an opinion, but I'd like to ask each of you to remember these are the opinions of the author and may not reflect the collective views of the full Board. If you have any questions, please feel free to reach out to the individual Board members or to us as a group.

On a final note, if you see something that you believe needs to be addressed, please don't hesitate to reach out to us. After all, if we're not aware of an issue we can't address it.

Thank you and as always, if there is anything I or the rest of the Board can do for you, please let us know.

Dennis Drury, President, Dayton Valley Community Association

ROADS COMMITTEE—DENNIS DRURY

The contract for this year's road maintenance has been approved and signed at the last board meeting. Work will begin when the weather is appropriate. If you have any questions, please use the Contact Us "Roads" option on the dvcahomeowners.com website, or by calling Complete at 775-515-4242.

GATES AND MONITORING COMMITTEE—DENNIS DRURY

Please see the President's message for the uipdate about this committee. If you notice any issue with the gates, please let us know. You can either email the Board directly or use the Contact Us "Gates and Monitoring" option on the dvcahomeowners.com website, or by calling Complete at

TO REQUEST A PARKING PASS / CARD / PERMIT

To request a parking pass/card/permits from the website: Go directly to the Contact Us page at http://www.dvcahomeowners.com/contact.php. Select "Request Parking Pass" from the "Send To" drop down. Complete the form and include the best way to contact you.

Or, you can contact our community management company, Complete, at 775-515-4242 and they will forward the request to someone who can issue the parking pass.

SANDY MASS—TREASURER

“

I want to make some corrections to recent statements saying that we, Dayton Valley Community Association, have to provide our financials in .CSV (Comma Separated Values) or .XLSX (Microsoft EXCEL spreadsheet) formats.

As many of you know our financial statements are provided in the electronic format .PDF (Portable Document Format). In my experience in creating financial documents, static methods, like the PDF format or printed paper (the method used prior to the ability to create electronic documents), is a preferred way to communicate facts and figures as of a specific time. CSV and XLSX format allows changes to data; a number could be deleted or overwritten by mistake, and misunderstandings ensue. Also, CSV and EXCEL are not the industry standard for providing official corporate financial documents (think of a big company’s annual report that you get from your financial institution – you don’t get that as a CSV or EXCEL file – you get a paper copy or a PDF).

The reporting electronic format that DVCA uses is PDF. That is how the financial reports are provided/presented to the board members, and to me as Treasurer.

In addition, I need to correct the assumption that we, DVCA, must “legally” provide the DVCA financial information in EXCEL or CSV format. There is nothing in NRS, Nevada Revised Statues, NRS116.31175 that states we must provide an CSV or XLSX format; just an “electronic” format. The electronic format that DVCA uses is PDF. This is confirmed by the ombudsman’s office; this question was asked in a recent NRED, Nevada Real Estate Division, class and the reply was we do not need to supply formats that we do not use. PLEASE NOTE that I have not said that homeowners do not have the right to review financial documents; you DO HAVE that right; just not in CSV or XLSX.

If you were at the February meeting, I did say that I had submitted some adjustments for the December financials to correct some transactions that had been allocated to the wrong General Ledger accounts. There were some questions about a couple of other accounts that are under review. Once these transactions have been resolved and entered into Complete’s accounting system, a revised December financial report will be posted to the website.

The last two years have been challenging for EVERYONE. Many of these challenges continue as we adjust to changing work environments, staff shortages and turnover, personal health risks as well as for others. We are doing our best to get this work done as ACCURATELY and quickly as possible.

If you have questions, please contact me at smass@dvcahomeowners.com or use the dvcahomeowners.com “Contact Us” option and select “Finance” in the “Send To” drop down.

Sandy Mass, Director and Treasurer, Dayton Valley Community Association

SOCIAL COMMITTEE—CARLA COLE & SANDY MASS

The Social Committee will be ramping up later this summer and will be accepting volunteers then. However, that doesn’t mean you can’t volunteer for the Social Committee now; we just won’t be accepting any volunteers into the committee until then.

Use the "Contact Us" on the DVCA Website, selecting the " Social Committee” in the “Send To” drop down to volunteer, ask questions, or make suggestions about events.

ARCHITECTURE COMMITTEE (ARC) - JIM KEPLER

Hello Neighbors!!

SPRING is ALMOST HERE! Don't forget that any major changes to visible landscaping or hardscapes (front, back or sides) require architecture committee approvals in advance.

Painting the same color does not require an application, but if changing any exterior color, please go onto the HOA Website (Here's the direct link to the Architecture page: dvcahomeowners.com/info.php?pnum=15d0031b26dd8a) to see the pre-approved colors or notify Complete and we can bring them to your home to show you. **We have a wonderful book of all the pre-approved colors! Contact the committee or Complete (see below) to setup a meeting to see the book.**

If you want to repaint your home using colors that are not pre-approved, please send 2 sets of color chips or examples with your ARC application; this way we can keep one set with the application on file, and share the second set with the committee. Computer scans can distort the colors; we prefer the original.

As a reminder, all ARC requests must go to Complete so they can be logged in, after which they'll be forwarded to the committee. If you have any questions, please contact Complete and the committee by using the "Contact Us" section on the dvcahomeowners.com website and select "Architectural Committee" in the "Send To:" drop down.

The ARC Committee meets every other Thursday. We also try to review requests as they come in to see if there might be some questions and call you to get clarification. We just want to let you know about the schedule change to set your expectations on when to expect your requests will be reviewed.

INSURANCE & RISK MANAGEMENT—LEANDRA CARR

The DVCA Insurance Claim and Deductible Policy and Procedure that was mailed to each homeowner last month caused quite a stir. President Drury addressed it briefly in the February newsletter, but we continue to have homeowners reach out about this mailing.

It has been NRS policy for some time now that this insurance on common wall dwellings was to be provided by the HOA. It used to be included in the Gallery HOA dues, along with front yard landscaping. However, around 2018, Gallery homeowners changed the sub-association and dropped those benefits. The Gallery has been a sub-association of Dayton Valley Community Association for many years and continues to be part of our association.

The master association did not, at that time, replace the insurance. When it was brought to the Board's attention in February 2021 that we were without coverage required by NRS, that coverage was added to the Association Policy.

The Insurance and Risk Management Committee is currently working toward shopping the insurance policies to make sure we have the appropriate coverage at the best rate. If you live in the Gallery, I encourage you to contact your insurance company and inquire about your policy, as you may be duplicating some coverage.

If you have specific concerns about this policy or insurance issues in general, please feel free to contact me and can point you in the right direction.

We have also received some questions on the homeowner site about vacation rentals. I have asked that this be added to the March agenda for discussion and possible action. If this is of concern to you, please come to the meeting and let us know your thoughts.

Leandra Carr. Director, 775-690-2591

LANDSCAPE COMMITTEE —TOM DE URIARTE

The committee has been monitoring the installation of new bushes and trees begun in late February. These bushes and trees are to replace ones that have died in recent years along La Costa Ave and at the Bayhill gate entrance. This work was approved by the Board at a recent Board meeting.

Please use the Contact Us, "Landscaping" Send To option, on the dvcahomeowners.com website to join in, OR to submit an issue. You can also call Complete at 775-515-4242 and they will forward your request to the appropriate individual(s).

COVENANTS, CONDITIONS AND RESTRICTIONS (CC&RS COMMITTEE) — CARLA COLE & SANDY MASS

Just to recap what was discussed at the DVCA Board Meeting regarding the street parking: as everyone is aware the Rules and Regs state "No parking is allowed on the streets or in guest parking between the hours of midnight and 6 am unless the vehicle has a valid visitors pass issued by the Association." The complaints have been increasing and as a Board it has to be addressed as stated in the Governing Documents. A resolution was passed in the early part of 2020 giving the Association the authority to tow vehicles off the street. If you want to review the "towing policy" now go to the DVCA website under HOA Documents. COMPLETE will be mailing all homeowners a copy of the Resolution. If you are renting your home, please inform your tenants of the parking rules, especially parking in the street after midnight and all other Rules and Regulations. The homeowner will receive the violation notice and possibly be subjected to fines. The policy will be mailed to all homeowners and towing will start 30 days later.

As a homeowner if you receive a courtesy/violation letter, please call Complete (CAMCO). 775-515-4242. Contacting a board member does not get the violation cleared; you should communicate with the Management Company first. If you want to contact a board member, please go to the DVCA website to the "***Contact Us***" page and select the appropriate "Send To".

COMMUNITY MANAGERS MESSAGE

Julie Thompson is our community Manager. If you have any questions, comments or concerns, please feel free to contact Julie through the "Contact Us" Page on association website at www.dvcahomeowners.com, or by phone at 775-515-4242.

CAMCO is now Complete Association Management Company (Complete)
704 W. Nye Lane, Suite 101
Carson City, NV 89703

WEBSITE AND COMMUNICATIONS UPDATE—SANDY MASS

The new board member email addresses are in use; they are available on the front page of this newsletter. And, you can always use the Contact Us page to send your concerns and questions to the appropriate committees.

We are still waiting for updates from the Nevada Legislature about the snail mail and/or email change in NRS verbiage. This is the time to make sure your snail mail and email addresses are up-to-date. As a HOA homeowner, it is **your responsibility** to **make sure you have your communications preferences known to Complete** if you have not already. You can tell Complete of any changes to your mailing address, email address, and if you want emailed documents in addition to the mandatory snail mailed copies. You can reach Complete by using the "Contact Us" Page, option "Property Management" at www.dvcahomeowners.com, or by phone at 775-515-4242.

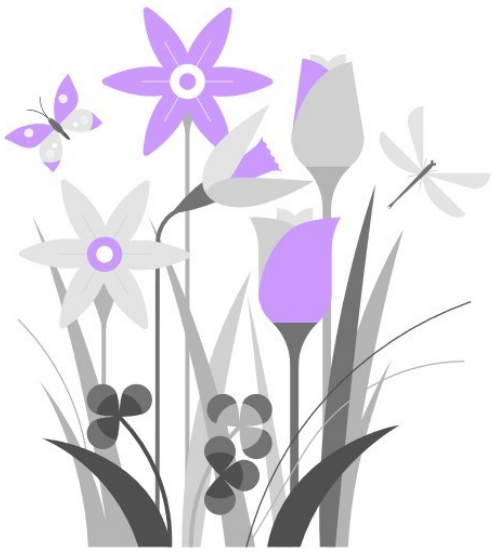

I do repeat the above because we still don't know if, or how, the Nevada Legislature will change the law, and we only know how to communicate with you unless you tell us. We can't change addresses (physical or electronic) unless you tell us.

WE HAVE AN OPEN SURVEY and we want your input! Are you interested in having 2 of the speed signs in the community? You can go directly to the survey/questionnaire page: "http://www.dvcahomeowners.com/questionnaire.php" . Or, you can find the link on the Newsletter page. Please remember that you must be logged into the website to participate.

The Volunteer Application Form is available in this newsletter. It is also available in the FAQs section of the website. Look for the question "How do I volunteer for a committee?"

If you have questions, you can check the FAQs page located as a dropdown option from the "About Us" menu option. We continue to add new FAQs. Or you can contact Complete (see above) or Sandy (see below). We are all working to make sure we conform to the new NRS regulations

Do you have features you want to see on the website? Or the Newsletter? Contact Sandy by emailing her directly at webmaster@dvcahomeowners.com, or by using the "Contact Us" option at the dvcahomeowners.com website.

Editor's note: Articles in this newsletter are the work of the individual writer and may not represent the entire board. You can always reach out to our Community Manager or use the Contact Us option on the dvcahomeowners.com website to ask for additional information.

Spring is ALMOST HERE!

STEVE GALLISDORFER—DIRECTOR

Our new email addresses are in effect for all DVCA business. Mine is SGallisdorfer@dvcahomeowners.com. You can always call or text me at (530) 913-8284 if you prefer.

Gates are a big interest to the Dayton Valley Community, so I want to keep you updated on some of the projects NV Security and Data is doing to keep us operating and as secure as possible. We are fortunate to have a responsive and capable vendor keeping us working.

A grounding problem identified recently at the Palmer gate that was causing the gates to occasionally malfunction. Ground rods have now installed and connected to four openers, the meter and the keypad. With this work Palmer's gates are now operating within normal specs, and close & open reliably now, a great improvement.

New RF receivers, antennas and coax cables have been installed at both gates for your gate remotes to work more consistently. This has improved their range, making the system 'see' you better when you use your remote.

Bayhill's entrance panoramic camera has been replaced and reconfigured.

The relocation of the front gate keypads will start the first week of March. This will clean-up the appearance and ease confusion for those not using a remote to enter.

The pedestrian gate at the Bayhill entrance still uses a 4-digit entry code. But it is a relatively new code, having been changed recently. Do you know what it is? Keep reading to find out.

There was discussion at the January meeting to restrict political signs to 30 days prior to the election, which would necessitate changing our CC&R's. We already have size restrictions, and flags and banners already aren't allowed. Nor are offensive messages. We are allowed one 18" x 24" standard sized political sign per candidate and per issue. Quite reasonable it seems, and with this we are not 'littering-up' the DVCA. Even during the last, very heated presidential election there were very few signs in the DVCA. So why change our CC&Rs?

And where does the law stand? Lyon County has on the books a 60 day restriction prior to the election, but according to a Lyon County BOC member, that restriction only pertains to County and Public property, not private property. Further, the BOC is set to discuss removing the 60 day limit, as the election season is much longer than that now. And voting is 45 days or longer in many areas.

Now, nobody wants a lot of political signs around the DVCA, but I ask you... How many do we have right now, even though campaigning is clearly in process? Further, this is a free speech issue. The Supreme Court says all political speech is protected. If we try to restrict to 30 days, we could have legal problems.

‘The current CC&Rs pertaining to this are working well, are legal and protect us all. We have free speech, and we are looking good.

There have been multiple homeowner requests for financial data, invoices and contracts of late that according to homeowners have not been provided in a complete/timely fashion or in some instances at all. This was brought to the attention of the board by multiple homeowners at the February 23rd board meeting, and we have had complaints in the past too. As homeowners, we all have a legal right to all that information, banking statements and more. Board members have fiduciary responsibility in their actions, and it is incumbent on us to be sure our management company is following through with these requests properly. The only information that can be redacted are homeowner names, addresses and other homeowner identifying information.

Continued on next page

STEVE GALLISDORFER—DIRECTOR—CONTINUED

Further, when a homeowner requests the financial data in the industry standard CSV or Excel format, why don't we do just that? Homeowners have been told by CAMCO that they have the ability, but this has been resisted. If we really want to tamp down oversight & financial concerns from homeowners all while encouraging trust, we should WANT to provide this and stop fighting what is so simple to do. A vote was taken February 23rd, and only three of us voted to support this openness, so the motion failed.

Four seats for the Board will be coming up for election in April. The seats held by Dennis Drury, Joan Latimer, Sandy Mass, and myself are all up. Consider how the board has been run under the current leadership when voting. Do we really want homeowners and dissenting board members treated like they were at this last meeting? They got interrupted while speaking, talked down to, treated rudely, etc. This is not how a board should be run.

The new gate code for the Bayhill pedestrian gate is 3822. That becomes very easy when you look at a phone keypad, as it is "DVCA".

Steve Gallisdorfer - Director
SGallisdorfer@dvcahomeowners.com
(530) 913 8284

JOAN LATIMER—VICE PRESIDENT

THANK YOU HOA VOLUNTEERS

Following tonight's HOA Board meeting I am dedicating my column to all HOA Volunteers. Amongst the Homeowners in attendance tonight were groups of Homeowners who are more than willing to dedicate their time and energy to be volunteers to DVCA committees. Please don't lose your enthusiasm. I for one wished the Board could have approved all of you tonight.

According to State Law all volunteers must be approved by the Board. The Board voted to have a short volunteer application added to the next Newsletter. It can also be found on the DVCA website. Please, if you have an interest in serving on the following committees, complete an application and return it to Complete (Camco). The Committees open for volunteers are Roads, Election, Insurance, Rules & Regulations, Architecture, Landscape, and Social.

It is a great way to become a part of the community. A great way to make new friends. Plus for those of us who are retired it is a good way to keep our brains and our brawn active.

1. Keep an eye out for the Volunteer Application.
2. Fill it out and submit using the methods described in the instructions..
3. The applications will be approved at the March 30th Board Meeting (or following board meetings).

To all who did attend tonight's meeting, "Thank You" for your attendance. For myself I enjoy looking out and seeing Homeowners who care about our community. Your attendance is appreciated. To those not in attendance, come on down to the Club House and see first hand how your Board operates.

TOWN HALL-Before you vote….

The Neighborhood Evening Book Club will be hosting a **TOWN HALL** for the DVCA candidates for the board of directors. The **TOWN HALL** Committee assumes there will be more than four candidates, the number of board positions that will be filled. Should there be less than four the **TOWN HALL** will be unnecessary as the election will be unnecessary. The **TOWN HALL** will be at the beginning of April. The date was not confirmed as of the deadline for this newsletter. The **TOWN HALL** will be in the Sierra Room at the Golf Course at 5:00 PM.

The Committee is asking homeowners to email questions to the committee members listed below. The Moderator will ask **all** questions anonymously. Questions will be sorted as to subject. They may be addressed to a specific candidate or all candidates. The audience will also be able to submit questions the evening of the event. Again, the questions will be asked anonymously by the moderator. The Committee has determined this to be the best format due to time constraints.

The time allowed for candidates to introduce themselves, answer questions, and give a concluding statement will be determined when the number of candidates is known.

A flyer announcing the date will be posted throughout the neighborhood, posted on Nextdoor, and the DVCA website. If you require further information, please contact one of the Committee members.

Please note: *No one that is both a Neighborhood Evening Book Club member, current board member, candidate, or family member of either, has participated in the planning of the **TOWN HALL** or will have access to the questions.*

The Committee
