PRESIDENT'S MESSAGE

Hello everyone!

Spring has sprung and newness is in the air!

Our annual meeting and election were held on Wednesday, April 27. We had a great turnout, with nearly 300 ballots returned. The homeowners chose to re-elect Dennis Drury and Steve Gallisdorfer and welcome Clint Hall and Katie Mitchell to the Board. The organizational meeting went smoothly, and I was named President, with Steve as Vice President, Carla as Secretary and Katie as Treasurer. Clint, Dennis, and Jim are Directors. I was encouraged to see the turnout and grateful to have so much interest in the structure of the organization. I look forward to serving as your President and appreciate your kind words of congratulations and encouragement as we move forward.

During the homeowner forum of the evening, a few questions were asked. A homeowner asked why we incurred a penalty from the IRS. The 2019 taxes were not filed until 2021. In a call to the CPA firm, I was informed it was because the firm was not engaged until the 2020 return was due. The Board of Directors is responsible for directing the community manager, who is responsible for reminding the Board of due dates. It was an oversight. Steps are being taken to ensure it does not happen again.

Another homeowner asked about the shortfall in the funding of our reserve account. The reserve report completed in November does indicate that our reserve is underfunded. However, the community manager and previous board president stated that the reserve study

PRESIDENT'S MESSAGE — CONTINUED

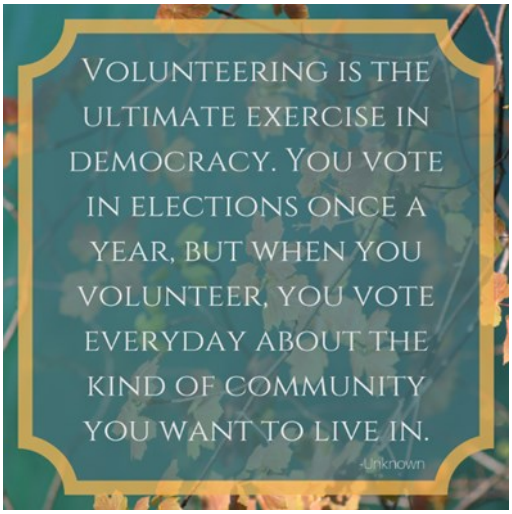
"

specialist refused meetings to clarify or explain their report. It was voted at the March Board meeting to have another study done as soon as possible by another firm who will work *with* us to make sure an accurate picture of our financial position is portrayed. It should be ready before the budget meetings commence in the fall and will be a useful guide in preparing next year's budget.

A homeowner asked about the Waste Management franchise change. That was a Lyon County Board of Commissioners decision that was repealed. Waste Management will continue to provide services.

Over the last several meetings, there has been a lot of discussion about committees. I would like to encourage anyone who wants to join a committee to come to the May meeting and let us know. It is my sincere desire to have homeowners, the stakeholders of this HOA business, involved and participating. There is such an immense wealth of knowledge and skill in this community and by joining a committee where you can offer your expertise, you get the added benefit of getting to know your neighbors. We all want to see this community thrive and the best way to ensure that is to get involved.

Leandra Carr, President, Dayton Valley Community Association



TO REQUEST A PARKING PASS / CARD / PERMIT

To request a parking pass/card/permits from the website: Go directly to the Contact Us page at http://www.dvcahomeowners.com/contact.php. Select "Request Parking Pass" from the "Send To" drop down. Complete the form and include the best way to contact you.

Or, you can contact our community management company, Complete, at 775-515-4242 and they will forward the request to someone who can issue the parking pass.

VICE-PRESIDENT — STEVE GALLISDORFER

The new board directors were elected April 27th, with a mostly new slate of officers. Leandra Carr was unanimously elected as our President, bringing a balanced and thoughtful leadership tone to the board. Leandra has extensive experience in leadership on a variety of boards and a strong understanding of property management, contracts and insurance issues among other things. Katie Mitchell is the new Treasurer, bringing us a breadth of financial skills to help us get our finances under control. Carla Cole continues as our Secretary, and I am the new VP. Also new to the board is Clint Hall, with a long career in law enforcement. Welcome to the new and continuing board members

The new board is intent on reforming many areas that have frustrated homeowners for some time. One that has come up repeatedly over the past year is committee assignments. The new board is committed to getting volunteers quickly and easily seated on committees by removing the obstacles that have prevented that. This board REALLY WANTS YOUR HELP. So, if you have wanted to get involved, the roadblocks are being lifted. Please feel free to email or call me if you have any questions or suggestions, and also come to the next board meeting on May 25th at 5 pm and make your request directly to the board.

Are you trained in CPR? Would you like to be? We live in a community that has a strong need for those trained in CPR. If you are also interested, I would like to hear from you. If even just a few of us are, I would like to organize a CPR training for us and try to get it held at the Clubhouse. The life you save could be your neighbor or someone in your family.

It's the season that those pesky weeds have popped up, and one look at a few lots and yards in the area makes it obvious. It is much easier to catch them when they are smaller and growing actively, which is now. Many in the DVCA have sprayed a couple of times already and there are a variety of easy and effective sprays available. Round-Up seems the most popular, and works best as the temperature warm up, but there are many choices. If you need help, please ask a neighbor, as most of us will gladly lend a hand. Let's keep our community looking great.

Just a reminder about parking: Our CC&Rs limit the hours a vehicle can be parked on the street without a parking pass. No vehicles are to be parked on the streets between the hours of 12 AM (midnight) and 6 AM without a parking pass. Parking enforcement/towing will begin very soon, and any street-parked vehicles will be given just one 48-hour warning before they are towed. We all have a minimum of two spaces in our garage and two in our driveways, so there is no need for vehicles to be left on the street. If you have visitors, a parking pass can easily be obtained by visiting our website and selecting the 'Contact us' tab (http://www.dvcahomeowners.com/contact.php) Someone will get you a free parking pass within a day or two.

GATES AND MONITORING COMMITTEE — DENNIS DRURY

There is nothing new to report at this time.

Remember, if we do not know about an issue, we cannot correct it. You can either email the Board directly or use the Contact Us “Gates and Monitoring” option on the dvcahomeowners.com website, or by calling Complete at 775-515-4242. Thank you..

COVENANTS, CONDITIONS AND RESTRICTIONS (CC&RS COMMITTEE) — CARLA COLE

There has been several conversations about political signs recently.

Dayton Valley Community Association CC&R Section 4.11 states:

"No sign of any kind shall be displayed to the public view without the approval of the Architectural Control Committee or the Board, ***EXCEPT*** *such signs as may be required by legal proceedings or political signs. All signage shall be of architectural style in harmony with the overall Community. To the extent permitted by law, the Architectural Control Committee and or, the Board may adopt limitations on signs including without limitation, restrictions on the size of the signs, the duration of their posting, content and their location.*

a. *No flashing or moving signs shall be permitted in the Development.*
b. *Real Estate (for sale/rental) Signs are limited in size to 18"x18". Signs must be displayed from a 4"x4" post mounted on the front of the lot, one real estate sign per lot."*

Nevada Law: Right to Exhibit Political Signs NRS 116-325
The executive board and governing documents must not prohibit a unit's owner or an occupant from exhibiting one or more political signs, subject to the following conditions:

- All political signs exhibited must not be larger than 24 inches by 36 inches.
- If the unit is occupied by a tenant, the unit's owner may not exhibit any political sign unless the tenant consents, in writing, to the exhibition of the political sign.
- All political signs exhibited are subject to any applicable provisions of law governing the posting of political signs.
- A unit's owner or an occupant of a unit may exhibit as many political signs as desired but may not exhibit more than one political sign for each candidate, political party or ballot question.

…"political sign" means a sign that expresses support for or opposition to a candidate, political party or ballot question in any federal, state or local election or any election of an association.

Lyon County Code7.02.04: POLITICAL SIGNS:

Time Limits: Political signs may be erected no more than sixty (60) days before a primary election and shall be removed by the candidate within thirty (30) days after the applicable election.

As a homeowner if you receive a courtesy/violation letter, please call Complete (CAMCO). 775-515-4242. Contacting a board member does not get the violation cleared; you should communicate with the Management Company first. If you want to contact a board member, please go to the DVCA website to the "***Contact Us***" page and select the appropriate "Send To".

Please remember to be polite with when talking with our board members, volunteers, and vendors (this includes Complete). They are working to support this community and do not deserve disrespect. If you are displeased with the service you have received, please forward the information about the incident to the president, or to the CC&Rs committee.

DIRECTOR — DENNIS DRURY

Hello everyone,

As you all know the election is over and we have a new slate of officers. Please join me in welcoming the new Board members and officers. I kept my Board seat and I thank you the membership for that but am no longer your president. I am sure each of you evaluated the candidates and their statements before casting your vote, and for that I thank you. Also, please join me in thanking Sandy Mass for her long-time service to this community as Board member, Treasurer and Webmaster.

Please rest assured that I will always work for what I feel are the best interests of this community. I will do everything I can to ensure a smooth transition and will work with the incoming Board to make sure they have everything they need to succeed.

I ask that each of you do whatever you can to help the new Board get settled in place. Look for opportunities to get involved. Attend meetings, volunteer, read the newsletter, stay informed. I know several of the candidates expressed a desire for truthfulness and transparency. I support that as well, provided the law is upheld. Hold all Board members to that standard.

One of the major tasks the new Board will face is deciding if it is time to change management companies and if so, who will that be? Requests for Proposals (RFP's) have been sent to nine companies, including Complete, our current company. Changing management companies is a huge endeavor and is not to be treated lightly. Let the new Board know how you feel.

Thank you and as always, if there is anything I, or any other Board member can do for you, please let me know.

Thank you, Dennis Drury
Director and Past President
Dayton Valley Community Association

SECRETARY — CARLA COLE

DAYTON VALLEY COMMUNITY ASSOCIATION ELECTION RESULTS
April 27, 2022
Dayton Valley Golf Course Clubhouse
Election Administrator: Donna Zanetti – Lawyer

Clint Hall	**134 votes**	Paula Darrah	113 votes
		Lisa Miller Hobbs	49 votes
		Joe Hughes	47 votes

KATIE MITCHELL — TREASURER

“

Hello Dayton Valley Community!

I write my newsletter contribution on the night of our DVCA 2022 Board Election and want to thank all homeowners who participated in our election and election process! Getting homeowners involved and hearing your voices is integral to our community, and it’s important to me as your new board member. I hope to help create more opportunities for homeowners to come together this year; be it through committees, surveys, town halls and social events.

As your new Treasurer, I will definitely be spending time with the financials and financial processes. I believe in providing transactional back up in our monthly balance statements and aim to work on the steps in doing so. As I better understand and get the financial data organized, I hope to be able to provide homeowners with a dashboard of graphs and charts to help understand our finances through visuals. My goal is to help make sense of our dollars and cents.

With that said, financial sustainability is equally of importance to planning, so let’s get planning! Time for a deep dive into our budget, budget committee, reserve, and reserve study. I’d also like to organize a survey to find out what’s important to you, so stay tuned!

Thank you again to homeowners, the candidates, and the board for the honor of allowing me to serve our community. I look forward to a great year ahead.

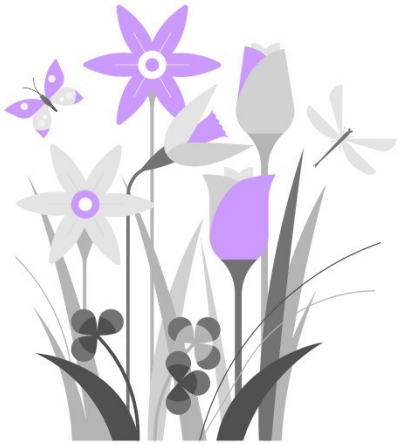
Cheers~ Katie Mitchell

Ways to get involved:

Please Join us on Wednesday May 25th at 5pm for our Next HOA General Meeting

For Homeowners who want more of a deep dive into HOA topics and best practices, The Nevada State Ombudsman’s office offers HOA Training Courses (all online)!
Go to: https://red.nv.gov/Content/CIC/Program_Training/)

If you have questions, you can contact me by using the “Contact Us” option and select “Finance” in the “Send To” drop down on the dvcahomeowners.com website.



COMMUNITY MANAGERS MESSAGE

Julie Thompson is our Community Manager. If you have any questions, comments or concerns, please feel free to contact Julie through the “Contact Us” Page on association website at www.dvcahomeowners.com, or by phone at 775-515-4242.

ARCHITECTURE COMMITTEE (ARC) — JIM KEPLER

Hello Neighbors!!

SPRING is HERE! Don't forget that any major changes to visible landscaping or hardscapes (front, back or sides) require architecture committee approvals in advance.

Painting the same color does not require an application, but if changing any exterior color, please go onto the HOA Website (Here's the direct link to the Architecture page: dvcahomeowners.com/info.php?pnum=15d0031b26dd8a) to see the pre-approved colors or notify Complete and we can bring them to your home to show you. **We have a wonderful book of all the pre-approved colors! Contact the committee or Complete (see below) to setup a meeting to see the book.**

If you want to repaint your home using colors that are not pre-approved, please send 2 sets of color chips or examples with your ARC application; this way we can keep one set with the application on file, and share the second set with the committee. Computer scans can distort the colors; we prefer the original.

As a reminder, all ARC requests must go to Complete so they can be logged in, after which they'll be forwarded to the committee. If you have any questions, please contact Complete and the committee by using the "Contact Us" section on the dvcahomeowners.com website and select "Architectural Committee" in the "Send To:" drop down.

The ARC Committee reviews and approves requests as they come in to see if there might be some questions and call you to get clarification. We just want to let you know about the schedule change to set your expectations on when to expect your requests will be reviewed.

INSURANCE & RISK MANAGEMENT — LEANDRA CARR

The insurance and risk management committee, having reviewed the insurance policy and reached out to our agent to have additional questions answered, are ready to ask for some updates and changes. We are also ready to start looking at other companies for comparable coverage and costs. Feel free to reach out if you have any questions.

If you have questions, you can contact me by using the "Contact Us" option and select "Insurance & Risk Management" in the "Send To" drop down on the dvcahomeowners.com website.

ROADS COMMITTEE — DENNIS DRURY

Crack sealing of the roadways should start very soon. Please keep an eye out for any workers and give them the room they need to safely perform their tasks.

There are several streetlights that are not functioning properly. The vendor has been informed and the work is scheduled. Unfortunately, the wait-list to fix the lights is fairly long, causng delays in repairs.

If you have any questions, please use the Contact Us "Roads" option on the dvcahomeowners.com website, or by calling Complete at 775-515-4242. Thank you.

WEBSITE AND COMMUNICATIONS UPDATE — SANDY MASS

It has been my pleasure to serve on the DVCA board for the last 4 years. I am also resigning, effective May 25, 2022, from my other tech related volunteer positions including webmaster of the dvcahomeowners.com website and newsletter editor. At the new board's request, and in the spirit of continuity, I am currently fulfilling these functions but will welcome some time off. I congratulate the new board and wish them all the best.

Please note that your new board members' email addresses are on the front page masthead.

Do you have features you want to see on the website? Or the Newsletter? Contact the webmaster at webmaster@dvcahomeowners.com, or by using the "Contact Us" option at the dvcahomeowners.com website.

Editor's note: Articles in this newsletter are the work of the individual writer and may not represent the entire board. You can always reach out to our Community Manager or use the Contact Us option on the dvcahomeowners.com website to ask for additional information.

LANDSCAPE COMMITTEE — TOM DE URIARTE

The landscaping committee has been monitoring the installation of new trees and bushes along La Costa Avenue and in the Bayhill Gate entrance area that was approved weeks ago. All of the new trees and bushes have been installed except for two small bushes in the Bayhill Gate area that are delayed until irrigation issues found during the work are repaired. Once the repairs are done, all of that work will be complete.

The landscaping committee has been monitoring trees and bushes that are growing near roadways and sidewalks for limbs that are growing out over the roadway access or sidewalk access. Thank you to all homeowners that have trimmed their trees and bushes. It is appreciated by all. There are a few trees and bushes here and there that need some attention. Please check your trees for clearance of at least fourteen (14) feet above roadways and seven (7) feet above sidewalks.

Please use the Contact Us, "Landscaping" Send To option, on the dvcahomeowners.com website to join in, OR to submit an issue. You can also call Complete at 775-515-4242 and they will forward your request to the appropriate individual(s).

SOCIAL COMMITTEE — CARLA COLE

The Social Committee will be ramping up later this summer and will be accepting volunteers then. However, that doesn't mean you can't volunteer for the Social Committee now; we just won't be accepting any volunteers into the committee until then.

Use the "Contact Us" on the DVCA Website, selecting the " Social Committee" in the "Send To" drop down to volunteer, ask questions, or make suggestions about events.

DIRECTOR—CLINT HALL

Homeowners,

First off, I want to send a very heartfelt thank you to those who voted for me. I am honored and very humbled to serve this community over the two years as one of your directors.

As you all may or may not have read in my bio, I grew up in the Tahoe basin, graduated from Amador High School in Sutter Creek, Ca in 1997, joined the Navy at 17, Deployed twice to the Persian Gulf in 98' and 00'. While stationed with VS-30 in Jacksonville, Fla. I received the Navy and Marine Corps Achievement Medal for removing 4 pilots from a burning aircraft. I left the Navy to attend the University of Florida where I majored in Political Science and International Relations. After I graduated in 07', I returned to Lake Tahoe to work for the Douglas County Sheriff's Office as a Deputy Sheriff. In 2013 I left the Sheriff's Office to work for the Department of Public Safety Division of Parole and Probation. At P&P I worked several caseloads such as General, Drug Court, Young Offenders (YO) Court. While working YO court I worked directly for now Nevada Supreme Court the Honorable Justice Lydia Stiglich, as well as the Sex Offender Unit. In 2017, I served as Navy Liaison to the Secret Service for the Vice President of the United States Michael Pence. 2020, I answered my nations call to serve a 2-year commitment as the Anti-Terror Force Protection Officer for NRC FALLON. Most recently I was hired to be a gaming Agent with the Nevada Gaming Control Board. I took this position because it allows me to have more time at home and to be a part of this board.

Now as one of your directors, I have some very lofty but very attainable goals for this community as well as our board that I hope to achieve. First off, as I promised in my hometown meeting in April, I will strive for cohesiveness and diplomacy while I hold this office. It's imperative to this community that business be conducted while at the same time, learning and listening to the wants, needs and concerns of our awesome community. I am hoping that all of us can take a look at the big picture and see what we as board members are hoping to accomplish for all of us. I know that there has been a lot of friction in the past as well as select members of our community who still continue to raise objections. I would ask them to please keep their complaints to themselves as this new board is getting our bearings and getting into business that needs to be addressed immediately. In a few months, I hope that we have earned your trust so that you may see how we are working very hard to address and right previous grievances.

Secondly for me, I am going to echo my fellow members in saying that committees make a community great, and I hope that we can have a lot of fun getting to know each other on various committees. So please bring every idea forward. Please do not be discouraged if your idea is not used, but we welcome everyone's input as to how WE want to steer this great place we call DVCA.

Thank you and I look forward to seeing everyone at our meetings and out and about.

All the Best,

NEW!

FLASH FROM THE PAST — SANDY MASS & JIM KEPLER

I have recently come into some documents from the very beginning our Dayton Valley Community. And they are eye opening in how differently the initial developers and their teams viewed their place within the overall Dayton community and their ability to encourage local growth.

I will be including snapshots from these documents beginning in this May 2022 newsletter. As someone who moved here mid-2010s, it really took me back in time.

I have a question for you…. Did you know that the golf course and development was initially included in another project here? Do you know of that development project? Send your answers to Jim at the email address below.

IF ANYONE HAS ANY DOCUMENTS from the early days of the Dayton Valley Community AND Golf Course, I would be most thankful. Contact Jim Kepler; contact him at kejpler@dvcahomeowners.com.

\

Check out the next page… there's a newspaper article from the April 12, 1989, newspaper article discussing Arnold Palmer's approach in designing the golf course we all live around.

Right next to this column is article from the very first Dayton Valley Review in December 1989. that is also about the construction of the golf course. The Dayton Valley Review is a newsletter that was promoting the community to new buyers and gives a great glimpse into the start-up of our community.

More to follow in future issues.

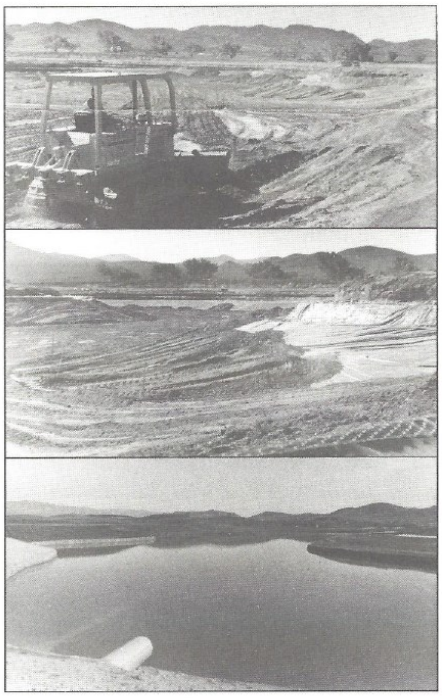
DAYTON VALLEY REVIEW

A Publication of John Lawrence (Nevada) Inc.

PALMER COURSE TAKES SHAPE

Since breaking ground in April, experts of the Arnold Palmer Design Group have been steadily molding the 180-acre Dayton Valley site into one of the West's finest golf courses.

A number of attractive lakes have recently been sculpted and filled. "While the forty acres of water will enhance the dynamic quality of the course, it will require few carries," said Palmer, the legendary golfer who is personally directing construction of the Dayton Valley project.



As the centerpiece of a major master-planned residential, recreational and corporate community less than 12 miles east of Carson City, the $4 million championship golf course is now more than half completed. First play is scheduled for Spring, 1991.

Highlighted by visually dramatic hazards, the signature course has been designed to be challenging but highly playable. Its hills and valleys have been contoured for visual interest and variety, with sodding and seeding now in process. Greens will be in bent grass, fairways and tees in blue rye grass and bunkers fescue. Dry washes and native landscaping will provide striking natural contrasts.

In keeping with Palmer's own philosophy, the new Dayton course will appeal to a broad range of golfers. At the professional level, the versatile course will play at 7,064 yards. With five different sets of tee boxes – and a variety of pin placements – it will play as short as 5,100 yards for ladies.

Nevada, the fastest growing state in the nation, is also experiencing a major golfing boom. The *Reno Gazette-Journal* termed the area's course conditions as "...crowded, tee times are at a premium."

According to Palmer, "Dayton Valley will be as enjoyable to play and as intriguing a course as you will find anywhere in the country."

Ken Stokes, Vice President/Project Manager for John Lawrence (Nevada) Inc., indicated that future plans provide for an additional 18-hole course at the Dayton Valley site. Stokes said, "We're really excited about hosting an Arnold Palmer course. His name is synonymous with championship golf worldwide. There is tremendous enthusiasm within the local golf community for this project. It will attract regional interest in the long range residential and economic growth taking place in Dayton Valley."

To coincide with the 1991 opening, the first phase of club facilities will include a 4,000 square foot Sports Center, which will serve initially as the golf course club house. The Sports Center will feature tennis courts; a six-lane, 25-yard swimming pool; locker rooms; a Pro Shop and snack bar/grill.

The Sports Center, golf course and clubhouse will be managed by the Arnold Palmer Golf Management Company, which operates several Palmer courses worldwide.

For information on membership in Dayton Valley Country Club contact: Randy Robertson, Arnold Palmer Golf Management Company, 7575 Dr. Phillips Blvd., Ste. 270, Orlando, FL 32810, (407) 351-3222.

Today's TV tip

The St. Louis Cardinals will wrap up a three-game series with the Chicago Cubs at Wrigley Field in a National League East matchup. **Live coverage begins at 4:30 p.m. on WGN.**

Palmer will attempt to work magic in Dayton

By Larry Baden/Gazette-Journal

DAYTON — Seven years have passed since Arnold Palmer made the final cut at The Masters.

And 16 years have come and gone since Palmer last won a Professional Golfers Association tour event. In fact, Palmer — whose 61 tour victories is the fourth most ever — hasn't won one of golf's major championship since 1964.

But Palmer, at the age of 59, still can make magic on a golf course.

His latest trick will be to turn a chunk of Dayton Valley desert into a championship golf course.

Tuesday morning, Palmer jetted into Dayton to break ground on the $9-million golf course that will serve as the centerpiece for the 2,000-acre Eldorado Lakes planned community.

Palmer has designed and will manage the course, which has an expected completion date of 1991. Actual construction is to begin in the next month on the 7,000-yard course.

"In designing this course, we'll have two challenges," Palmer said. "First, I want to try very hard to build a course that will give the best golfers in the world a challenge and at the same time will be enjoyable for anyone to go out and play on a Sunday afternoon.

"Secondly, it will be a challenge to design a championship-caliber course and keep the desert look that's natural to this area."

The Eldorado Lakes project is one of 16 courses under construction worldwide that Palmer has designed.

"Arnold doesn't show up to look at the digging of every hole," said Ed Seay, vice president of Palmer Designing Company. "But he is involved in every

See PALMER, page 2B

MEETING IN DAYTON: Arnold Palmer makes a point during a news conference Tuesday in Dayton. Standing nearby are Senator Lawrence Jacobsen, Assemblyman Joe Dini, Ken Stokes and John Lawrence.

Palmer

From page 1B

phase of every course we do.

"Because of his playing background, he's able to look at the layout of a course and make it more playable for the high handicapper."

Palmer spent Monday inspecting the construction of a course in New Jersey. Tuesday he was at the groundbreaking ceremony at Dayton Valley Golf Course. Last weekend he was in Augusta, Ga., for The Masters. Next weekend he'll be in Phoenix for a PGA Seniors Tour event.

Palmer — a charter member of the World Golf Hall of Fame — will play in 20 tournaments this year.

Without question, though, Palmer's golfing enterprises off the course are demanding more of his time than playing the game.

And with his 60th birthday fast approaching, he sees his participation in tournament golf further decreasing in the next few years.

"I don't know that the time will ever come when I give up the game of golf all together," Palmer said. "I still feel good hitting a golf ball. But the time is coming up when I know I'm going to have to slow down. I'm spending a considerable amount of time doing other things now."

But there has been no sign of Palmer having slowed down.

He continues to be one of professional sports' most sought after commercial personalities.
